Program Description

Program Description Overview

The [U.S. Department of Justice](#) (DOJ), [Office of Justice Programs](#) (OJP), [Office for Victims of Crime \(OVC\)](#) is seeking applications for funding. OJP is committed to advancing work that promotes civil rights and racial equity, increases access to justice, supports crime victims and individuals impacted by the justice system, strengthens community safety and protects the public from crime and evolving threats, and builds trust between law enforcement and the community.

To enhance capacity to identify, assist, and provide services to all victims of human trafficking, OVC leads the Nation in supporting victim-centered and trauma-informed programs, policies, and resources that promote justice, access, and empowerment.

With this solicitation, OVC seeks to provide funding for housing services for victims of human trafficking, as defined by 22 U.S.C. § 7102(11).

Statutory Authority

22 U.S.C. § 7105(b)(2)

Specific Information

The purpose of this program is to develop, expand, and/or strengthen funded organizations so they can provide housing and associated support services to victims of human trafficking. This solicitation has two purpose areas with specific goals, objectives, and deliverables. Applicants are strongly encouraged to read through each category carefully to ensure that their application is tailored to fit the requirements identified in this solicitation.

Purpose Area 1: Developing Capacity to Serve Human Trafficking Victims

The purpose of these awards is to support (1) organizations that have experience providing housing services but that have limited or no prior experience in serving victims of human trafficking; (2) anti-trafficking organizations that have limited or no prior experience in providing housing services to victims of human trafficking, and/or (3) organizations that have no prior experience in receiving direct federal funding to serve victims of human trafficking.

During the first 12 months of the project period, grantees will work with designated OVC human trafficking training and technical assistance (TTA) providers to build internal capacity to provide housing services for survivors of labor and sex trafficking and implement a federal award. Grantees will hire staff who have experience providing services to human trafficking victims or train existing staff to address any identified skill or knowledge deficits. During the last 24 months of the program, grantees will provide housing assistance and support services for human trafficking victims. See Appendix A for the types of services that OVC funds.

Purpose Area 2: Enhancing Scope of Housing Assistance for Human Trafficking Victims

The purpose of these awards is to support organizations with a demonstrated history of providing human trafficking victims with housing assistance and support services or that have a formal partnership with a victim service provider with demonstrated experience. These awards will enhance victims' access to housing assistance and the diverse support services that victims of labor and sex trafficking often require to address their needs. See Appendix A for the types of

services OVC funds. In addition to providing housing assistance, applicants funded under this purpose area are expected to use OVC funding to support two additional types of services for victims of human trafficking receiving housing assistance, either directly or through subrecipients.

Additionally, Purpose Area 2 grantees will be expected to have or develop partnerships to enable survivors to access a variety of housing options in their community. Successful applicants are also expected to expand collaborative partnerships among federal, state, local, and Tribal housing providers and system- and community-based service providers during the award period to identify safe, affordable housing options and remove barriers for victims of human trafficking in obtaining housing.

Purpose Areas 1 and 2

Housing and Support Services

Providing rapid rehousing is the primary focus of this solicitation. Rapid rehousing is a type of housing assistance in which supportive services and transitional housing are provided to assist victims in moving as quickly as possible into permanent housing and achieving stability. For some victims and in some housing markets, the short-term use of emergency shelter or crisis housing may be required to facilitate access to long-term sustainable housing. If the applicant proposes a project involving emergency shelter or crisis housing, the applicant must work with victims to identify longer term housing as soon as it is safe and feasible for the victim, while providing necessary case management and culturally responsive support services. Applications focused primarily on emergency shelter or crisis housing are out of scope for this solicitation and may be excluded from peer review consideration.

Applicants may propose housing assistance related to the following:

- **Emergency shelter**, meaning a type of shelter or non-permanent housing in which a victim of human trafficking may be placed for less than 6 months, depending on the immediate need and preference of the victim. Crisis housing can be provided on an emergency, temporary basis, which may include congregate shelter and/or hotel/motel placements as a bridge to imminent shelter openings or other housing.
- **Transitional housing assistance**, meaning temporary housing offered for at least 6 months and no more than 24 months that helps victims transition into permanent housing. Transitional housing is not an extended shelter stay.
- **Short-term housing assistance**, meaning rental assistance and/or other financial assistance (e.g., utility assistance, relocation costs) offered for at least 6 months and no more than 24 months that helps victims transition into permanent housing. Under this solicitation, these activities are not considered short-term housing assistance: emergency shelter, rental assistance offered for less than 6 months, or financial assistance for victims not provided with housing.

While the **majority of funds must support housing services**, applicants must also dedicate project funds to culturally responsive and meaningfully accessible services that support victims and any dependents in securing permanent housing, such as case management, employment and education services, and more. See Appendix A for the types of services OVC funds. Support services under this solicitation are limited to individuals receiving housing assistance

under this solicitation (other than followup services described under the [“Mandatory Program Requirements”](#) section).

Collaboration and Training

Applicants are encouraged to use federal funds to create or support a housing navigator position to build collaborative partnerships to identify housing options and remove barriers for victims of human trafficking in obtaining housing. Other tasks for this position may include the following:

- Assisting victims in locating, obtaining, and retaining suitable housing, including tenant counseling (e.g., being responsible for rent as indicated in the lease).
- Assisting victims in understanding the language in leases and their rights and responsibilities.
- Educating stakeholders and landlords about housing protections available to victims.
- Aiding in lease negotiations with landlords.
- Assisting victims with challenges that may arise related to rent payment, housing conditions, or other concerns.
- Attending local housing-stakeholder meetings (e.g., continuums of care, public housing authority) and developing relationships with local landlords and apartment associations.

While they work directly with clients, housing navigators generally have different responsibilities from case managers or advocates. Separating the case manager role from the housing navigator role helps to ensure each role is specialized, emphasized, and appropriately staffed according to skills and experience best suited for the duties of each. If applicants do not include a housing navigator position in their application, they should clearly describe in the ‘Capabilities and Competencies’ section how the tasks outlined above will be fulfilled by other staff without compromising relationships with survivors or their access to housing.

In addition to building community collaboration, successful applicants will conduct training and public awareness activities for housing stakeholders (e.g., [continuums of care](#), [public housing agencies](#), community-based and/or Tribal organizations, private landlords) to improve their knowledge of human trafficking and ability to identify and respond appropriately to victims.

Specific to Purpose Area 1: If an applicant does not have documented experience in serving victims of human trafficking, the application must include a letter of intent or memorandum of understanding (MOU) from a victim service provider as a required partner. This partner must play an active role in developing and implementing the project. Applications must demonstrate that the victim service provider is significantly involved in the project design and development, including the development and/or review of all policies and procedures, and describe how the applicant will ensure that anyone working with survivors is trained to work with victims of human trafficking.

Mandatory Program Requirements

Applicants that receive funding under this program will be required to—

1. submit the policies, procedures, and rules governing the provision of services for review upon OVC request (post-award).
2. ensure their policies and procedures follow applicable federal and state laws protecting the civil rights of program participants and staff (post-award).

3. ensure that any staff, partner staff, or service providers working with trafficking victims are adequately licensed and trained to work with such victims, including by accessing OVC-supported training and technical assistance (TTA).
4. ensure that the project coordinator/program director and other relevant staff participate in any grantee orientations and OVC-sponsored TTA.
5. describe ongoing efforts to enhance responses to labor trafficking, as part of routine programmatic reporting.
6. send the project coordinator or program director and one other key staff member to a virtual OVC grantee orientation and have relevant staff participate in OVC-sponsored TTA.
7. provide all grant-funded staff at least one session of training (to be delivered by individuals or organizations with reasonable and demonstrable expertise) related to diversity, equity, inclusion, and/or accessibility and tied to program goals and objectives annually.
8. offer referrals to culturally responsive support services for trafficking victims who secure permanent housing. Support services for clients who transition into permanent houses are limited to advocacy, support groups, case management, and minimal financial assistance (e.g., first month's rent for permanent housing).

Strengthening Responses to Labor Trafficking

Through its award funding, training and technical assistance, and collaboration with federal partners, OVC has worked to strengthen identification of and responses to labor trafficking victims in the United States. Despite these efforts, labor trafficking remains misunderstood, under-identified, underreported, and often unaddressed. As reflected in OVC grantee data, many individuals experience polyvictimization, including both labor and sex trafficking. To increase identification and expand access to services and justice for victims of labor trafficking, OVC is strengthening its expectations of organizations that receive anti-trafficking award funds. More information about gaps and opportunities in the response to this form of human trafficking is available on [OVC's website](#). Organizations with all levels of experience responding to and serving labor trafficking victims are encouraged to apply, including those that have historically focused exclusively on responding to sex trafficking and are interested in enhancing responses to labor trafficking.

Ensuring Access to Support for Male Victims

According to OVC's anti-trafficking grantee data, service providers, multidisciplinary task forces, and other key stakeholders face challenges in identifying and responding to male victims of sex and labor trafficking. Applicants should consider the needs of these victims in the proposal narrative and propose community partnerships or collaborations that are required to better respond to this population.

Input From Individuals With Lived Experience

OVC has long understood the importance of seeking out and elevating survivor perspectives to inform anti-trafficking work. There are a number of existing federally funded resources to help service providers implement a survivor-informed approach and incorporate survivor feedback into their anti-trafficking work, such as OVC's [Practical Guide on Survivor-Informed Services](#), the Office on Trafficking in Person's [Updated Toolkit: Building Survivor-Informed Organizations](#), and the OVC-funded [iMPROVE](#) tool. Currently, OVC funds OVC Survivor Engagement Training and Technical Assistance (SETTA), which supports OVC grantees interested in increasing their

survivor engagement and developing partnerships with experts who have lived experience experts within their communities.

OVC encourages applicants to propose and implement intentional and sustainable engagement from individuals with lived experience and/or members of impacted communities to enhance their anti-trafficking programming. Upon award, OVC grantees may reach out to the SETTA team to submit a request for training and technical assistance, and all victim service providers are encouraged to utilize [iMPRoVE](#) to assess service quality.

Ensuring Civil Rights

Federal laws prohibit recipients of funding administered by the OJP from discriminating in the delivery of services on the basis of age, race, color, national origin, religion, or disability. Applicable federal laws also prohibit recipients from discriminating on the basis of disability in their employment practices, and from discriminating against employees and beneficiaries on the basis of sex in funded education or training programs. Recipients are also obligated under federal civil rights laws to provide meaningful access to their programs and activities for persons with [limited English proficiency](#). Under certain circumstances, it might be permissible to limit services based upon age. Please note that other federal, state, or local laws prohibiting discrimination may apply.

Enhancing Access to Services and Promoting Survivor Autonomy

OVC is committed to an approach to human trafficking that is trauma-informed, victim-centered, survivor informed, culturally responsive, and evidence-based. Definitions of these concepts are available in the glossary of [OVC's Model Standards for Serving Victims and Survivors of Crime](#). In line with these concepts and to enhance survivors' access to victim services, programs funded under this solicitation will engage in practices that remove barriers to receiving services and support survivor autonomy. Such practices will reduce requirements to engage in services, promote survivors' choice within service delivery, and protect victim privacy and confidentiality.

Funded programs will demonstrate their commitment to this approach by maintaining the following. (Note: Many of these requirements are mandated by federal civil rights laws, while others reflect OVC's policy direction to recipients to enhance access to services and promote survivor autonomy.)

- Procedures or policies that provide all survivors access to safe shelter, advocacy services, counseling, and other assistance without exclusions based on actual or perceived sex, age, immigration status, race, religion, sexual orientation, gender identity, mental health condition, physical health condition, criminal record, involvement in commercial sex, income or lack of income, or the age and/or sex of their children. For those programs that by their design target a particular population (e.g., youth, gender specific), there should be procedures or policies in place to ensure access to comparable, qualified services for other survivors seeking support.
- Procedures or policies that protect the confidentiality of information and/or privacy of persons receiving services.
- Procedures or policies that do not require victims to take certain actions (e.g., receive counseling, report to law enforcement, commit to sobriety) to be eligible for, or to receive services. For youth-serving programs with justifiable mandatory requirements, a [shared decision making model](#) should be used to provide minors with agency in participating in decisions that impact them.

- Project designs, products, services, and/or budgets that consider the unique needs of individuals with disabilities, [with limited English proficiency](#), or who are Deaf or hard of hearing, including accessibility for such individuals.

Privacy and Confidentiality

OVC anticipates including an award condition (pursuant to 22 U.S.C. 7115) requiring award recipients under this program to have or implement privacy and confidentiality policies and procedures that conform with the requirements of 34 U.S.C. 12291(b)(2). Section 12291(b)(2) is the confidentiality and privacy condition applicable to awards under the Violence Against Women Act of 1994, commonly referred to as the “VAWA Confidentiality Provision.” For this OVC program, the phrase “under this subchapter” in the VAWA Confidentiality Provision shall be understood as referring to “this OVC program.” Applicants that do not already have policies and procedures that comply with the VAWA Confidentiality Provision may propose to use award funds to develop these. For more information on the VAWA Confidentiality Provision, please see <https://www.justice.gov/ovw/page/file/1006896/download>.” OVC also anticipates providing training and technical assistance to support its grantees with these new requirements.

For Programs Serving Children and Youth

If your program provides services to child and youth victims of crime, services must be tailored to ensure that they are developmentally appropriate, culturally responsive, victim-centered, and trauma-informed. In addition to encouraging use of a [shared decision making model](#), OVC promotes the use of evidence-based and evidence-informed practices when working with children and youth victims of crime.

Information on Managing Human Trafficking Awards

For more information on implementation of OVC Human Trafficking awards, please consult the [OVC Human Trafficking Program FAQs](#).

Solicitation Goals and Objectives

Goals

The goal of this program is to support organizations with the capacity to implement collaborative, coordinated, and comprehensive housing models in providing trafficking survivors with safe, stable housing and appropriate trauma-informed, victim-centered, and culturally responsive services. Organizations are to engage with appropriate local partners to address the needs of victims of human trafficking leading to increased autonomy, self-sufficiency, safety, and well-being.

Objectives

An applicant should address all the objectives listed below in the Goals, Objectives, Deliverables, and Timeline web-based form.

The objectives are to—

1. deliver and expand housing interventions and related support services for victims of human trafficking.
2. collaborate with and train local partners (e.g., housing and service providers, community- and faith-based organizations) to improve their knowledge and ability to identify and appropriately respond to human trafficking victims.
3. provide victims of human trafficking with [trauma-informed, victim-centered support](#) services or referrals for other essential services.

4. develop and implement housing policies and training that consistently incorporate low-barrier, victim-centered, trauma-informed, and collaborative approaches.
5. work collaboratively with federal, state, and local entities to identify barriers to housing and develop collaborative models to meet the housing needs of victims of human trafficking.
6. improve outcomes for victims of human trafficking.
7. collect data and conduct ongoing assessment activities to determine if the program is meeting the stated goals and objectives.

For information about what the applicant needs to submit regarding Goals, Objectives, and Deliverables, please see the [How To Apply section on the Application Goals, Objectives, Deliverables, and Timeline Web-Based Form](#).

Priority Areas

In order to further OJP's mission, OJP will provide priority consideration when making award decisions to the following:

1A. Applications that propose project(s) that are designed to meaningfully advance equity and remove barriers to accessing services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

To receive this consideration, the applicant must describe how the proposed project(s) will address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. Project activities under this consideration may include, but are not limited to the following: improving victim services, justice responses, prevention initiatives, reentry services and other parts of an organization's or community's efforts to advance public safety. Applicants should propose activities that address the cultural (and linguistic, if appropriate) needs of communities, outline how the proposed activities will be informed by these communities, and implement culturally responsive and inclusive outreach and engagement.

1B. Applicants that demonstrate that their capabilities and competencies for implementing their proposed project(s) are enhanced because they (or at least one proposed subrecipient that will receive **at least 40 percent** of the requested award funding, as demonstrated in the Budget web-based form) are a *population specific organization* that serves communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

For purposes of this solicitation, population specific organizations are nonprofit, nongovernmental, or Tribal organizations that primarily serve members of a specific underserved population and have demonstrated experience and expertise providing targeted services to members of that specific underserved population.

To receive this additional priority consideration, applicants must describe how being a population specific organization (or funding the population specific subrecipient organization(s)) will enhance their ability to implement the proposed project(s) and should also specify which

historically underserved populations are intended or expected to be served or have their needs addressed under the proposed project(s).

Note: Addressing these priority areas is one of many factors that OJP considers in making funding decisions. Receiving priority consideration for one or more priority areas does not guarantee an award.

How To Apply

Application Resources

When preparing and submitting an application, the following resources may aid prospective applicants:

1. Grants.gov [“How to Apply for Grants”](#)
2. OJP [“How To Apply”](#) section in the [Application Resource Guide](#)
3. JustGrants [Application Submission Training](#)

This solicitation (notice of funding opportunity) incorporates guidance provided in the [OJP Grant Application Resource Guide](#) (Application Resource Guide), which provides additional information for applicants to prepare and submit applications to OJP for funding. **If this solicitation requires something different from any guidance provided in the [Application Resource Guide](#), the difference will be noted in this solicitation and the applicant is to follow the guidelines in this solicitation, rather than the guidance in the [Application Resource Guide](#) that is in conflict.**

How To Apply

Registration

Before submitting an application, all applicants must register with the System for Award Management (SAM.gov). An applicant must renew their registration every 12 months. If an applicant does not renew their SAM.gov registration, it will expire. An expired registration can delay or prevent application submission in Grants.gov and JustGrants. Applicants are encouraged to start the SAM.gov registration process at least 30 days prior to the application deadlines. Applicants who fail to begin the registration or renewal process at least 10 business days prior to the Grants.gov deadline may not complete the process in time and will not be considered for late submission.

Submission

Applications must be submitted to DOJ electronically through a two-step process that begins in Grants.gov and is completed in JustGrants.

Step 1: After registering with SAM.gov, the applicant must submit the **SF-424** and **SF-LLL** in Grants.gov at <https://grants.gov/register> by the Grants.gov deadline. **To leave time to address**

any technical issues that may arise, an applicant should submit the SF-424 and SF-LLL as early as possible and recommended not later than 48 hours before the Grants.gov deadline. If an applicant fails to submit in Grants.gov by the deadline, they will be unable to apply in JustGrants. Applicants can confirm Grants.gov submission by verifying their application status shows as “submitted” or “agency tracking number assigned.”

Step 2: The applicant must then submit the **full application**, including attachments, in JustGrants at JustGrants.usdoj.gov by the JustGrants deadline.

OJP recommends that applicants submit the complete application package in JustGrants at least 48 hours prior to the JustGrants deadline. Some of the required sections of the application will be entered directly into JustGrants, and other sections will require documents to be uploaded and attached. Therefore, applicants should allow enough time before the JustGrants deadline to prepare all the requirements of the application. Applicants may save their progress in the system and add to or change the application as needed prior to hitting the “Submit” button at the end of the application in JustGrants.

An applicant will receive emails when successfully submitting in Grants.gov and JustGrants and should maintain all emails and other confirmations received from SAM.gov, Grants.gov, and JustGrants systems.

For additional information, see the “How To Apply” section in the [Application Resource Guide](#) and the [DOJ Application Submission Checklist](#).

Submission Dates and Time

The **SF-424 and the SF-LLL** must be submitted in Grants.gov by 11:59 p.m. Eastern Time on May 6, 2024.

The **full application** must be submitted in JustGrants by 8:59 p.m. Eastern Time on May 20, 2024.

To be considered timely, the **full application** must be submitted in JustGrants by the JustGrants application deadline. Failure to begin the SAM.gov, Grants.gov, or JustGrants registration and application process in sufficient time (i.e., waiting until the due dates identified in this solicitation for those systems to begin the application steps) is not an acceptable reason to request a technical waiver.

Experiencing Unforeseen Technical Issues Preventing Submission of an Application (Technical Waivers)

OJP will only consider requests to submit an application after the deadline when the applicant can document that a technical issue with a government system prevented submission of the application on time.

If an applicant misses a deadline due to unforeseen technical issues with SAM.gov, Grants.gov, or JustGrants, the applicant may request a waiver to submit an application after the deadline. However, the waiver request will not be considered unless it includes documentation of attempts to receive technical assistance to resolve the issue prior to the application deadline. A tracking number is the most typical documentation and is generated when the applicant contacts the applicable service desks to report technical difficulties. Tracking numbers are generated automatically when an applicant emails the applicable service desks, and for this reason, long

call wait times for support do not relieve the applicant of the responsibility of getting a tracking number.

An applicant experiencing technical difficulties must contact the associated service desk indicated below to report the technical issue and receive a tracking number:

- SAM.gov: contact the [SAM.gov Help Desk \(Federal Service Desk\)](#), Monday–Friday from 8:00 a.m. to 8:00 p.m. ET at 866-606-8220.
- Grants.gov: contact the [Grants.gov Customer Support Hotline](#), 24 hours a day, 7 days a week, except on federal holidays, at 800-518-4726, 606-545-5035, or support@grants.gov.
- JustGrants: contact the JustGrants Service Desk at JustGrants.Support@usdoj.gov or 833-872-5175, Monday–Friday from 7:00 a.m. to 9:00 p.m. ET and Saturday, Sunday, and federal holidays from 9:00 a.m. to 5:00 p.m. ET.

If an applicant has technical issues with SAM.gov or Grants.gov, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the Grants.gov deadline** to request approval to submit after the deadline.

If an applicant has technical issues with JustGrants that prevent application submission by the deadline, the applicant must contact the OJP Response Center at grants@ncjrs.gov within **24 hours of the JustGrants deadline** to request approval to submit after the deadline.

Waiver requests sent to the OJP Response Center must—

- describe the technical difficulties experienced (provide screenshots if applicable);
- include a timeline of the applicant’s submission efforts (e.g., date and time the error occurred, date and time of actions taken to resolve the issue and resubmit; and date and time support representatives responded);
- include an attachment of the complete grant application and all the required documentation and materials;
- include the applicant’s Unique Entity Identifier (UEI); and
- include any SAM.gov, Grants.gov, and JustGrants Service Desk tracking numbers documenting the technical issue.

OJP will review each waiver request and the required supporting documentation and notify the applicant whether the request for late submission has been approved or denied. An applicant that does not provide documentation of a technical issue (including all information listed above), or that does not submit a waiver request within the required time period, will be denied.

For more details on the waiver process, OJP encourages applicants to review the “Experiencing Unforeseen Technical Issues” section in the [Application Resource Guide](#).

Application and Submission Information

Content of Application Submission and Available Surveys

The following application elements **must** be included in the application to meet the basic minimum requirements to advance to peer review and receive consideration for funding:

- SF-424 and SF-LLL (in Grants.gov)
- Proposal Abstract (in JustGrants)

- Proposal Narrative (in JustGrants)
- Budget Web-Based Form, which includes the budget details and the budget narrative (in JustGrants)

If OJP determines that an application does not include these elements, it will not proceed to peer review and will not receive any further consideration.

Content of the SF-424 in Grants.gov

The SF-424 must be submitted in Grants.gov. It is a required standard form used as a cover sheet for submission of pre-applications, applications, and related information. See the [Application Resource Guide](#) for additional information on completing the SF-424.

In Section 8F of the SF-424, please include the name and contact information of the individual **who will complete the application in JustGrants**. JustGrants will use this information (*email address*) to assign the application to this user in JustGrants.

Intergovernmental Review: This funding opportunity **is not** subject to [Executive Order \(E.O.\) 12372](#). In completing the SF-424, an applicant should answer question 19 by selecting “Program is not covered by E.O. 12372.”

Content of the JustGrants Application Submission

Entity and User Verification (First Time Applicant)

For first time JustGrants applicants, once the application is received from Grants.gov, DOJ will send an email (from DIAMD-NoReply@usdoj.gov) to the individual listed in Section 8F of the SF-424 with instructions on how to create a JustGrants account. This email should arrive within 24 hours after this individual receives confirmation from Grants.gov of their SF-424 and SF-LLL submissions. Register the Entity Administrator (the person who manages who can access JustGrants on behalf of the applicant), the Application Submitter, and Authorized Representative for the applicant with JustGrants as early as possible and (recommended) not later than 48-72 hours before the JustGrants deadline. Once registered in JustGrants, the Application Submitter will receive a link in an email to complete the rest of the application in JustGrants. Find additional information on JustGrants Application Submission in the [Application Resource Guide](#).

Standard Applicant Information

The “Standard Applicant Information” section of the JustGrants application is pre-populated with the SF-424 data submitted in Grants.gov. The applicant will need to review the Standard Applicant Information in JustGrants and make edits as needed. Within this section, the applicant will need to add ZIP codes for areas affected by the project; confirm their Authorized Representative; and verify and confirm the organization’s unique entity identifier, legal name, and address.

Proposal Abstract

A Proposal Abstract (no more than 400 words) summarizing the proposed project—including its purpose, primary activities, expected outcomes, the service area, intended beneficiaries, and subrecipients (if known)—must be completed in the JustGrants web-based form. This abstract should be in paragraph form without bullets or tables, written in the third person, and exclude personally identifiable information. It should also indicate if the applicant is requesting priority consideration, and if so, what type. Abstracts will be made publicly available on the OJP and

USASpending.gov websites if the project is awarded. See the [Application Resource Guide](#) for an [example](#) of a proposal abstract.

Data Requested With Application

The following application elements should be submitted in the web-based forms in JustGrants.

Financial Management and System of Internal Controls Questionnaire (including Applicant Disclosure of High Risk Status)

The Financial Management and System of Internal Controls Questionnaire helps OJP assess the financial management and internal control systems, and the associated potential risks of an applicant as part of the pre-award risk assessment process. Every OJP applicant (other than an individual applying in their personal capacity, not representing an applicant organization) is required to complete the web-based Questionnaire form in JustGrants. See the [Application Resource Guide: Financial Management and System of Internal Controls Questionnaire \(including Applicant Disclosure of High Risk Status\)](#) for additional guidance on how to complete the questionnaire.

Brief Applicant Entity Questionnaire

The Office of Justice Programs (OJP) is collecting the following information to help assess its efforts to attract a broader range of applicants. These questions apply to the applicant entity and its work and scope only, and not to the specific project(s) being proposed within the application. Responses to the questions will not be considered in the application review process. The questions included in the questionnaire are available in the [Standard Forms & Instructions: Brief Applicant Entity Questionnaire](#).

Proposal Narrative

The Proposal Narrative should be submitted as an attachment in JustGrants. The attached document should be double-spaced, using a standard 12-point font; have no less than 1-inch margins; and should not exceed 25 numbered pages (or 29 numbered pages for any applicants addressing a priority area). If the Proposal Narrative fails to comply with these length restrictions, OJP may consider such noncompliance in peer review and in final award decisions.

The Proposal Narrative must include the following sections:

- a. Description of the Issue (20%)
 1. Describe the nature and scope of the problem that the program will address. Applicants must demonstrate the problem of labor and sex trafficking within the targeted geographic area. Applicants should cite the sources of this data, which could include local, state, and federal data regarding investigations, prosecutions, and the number of individuals identified as victims of human trafficking in the proposed geographic area and data from victim service providers or other local stakeholders. Data should come from multiple sources and extend beyond national hotline data.
 2. For Purpose Area 2, describe previous or current attempts to address the problem, including documentation of the number of trafficking victims served each year during 2022 and 2023 within the targeted geographic area. At a minimum, applicants must identify the total number of victims they previously served within the targeted geographic area, and the types of victims they have served (sex or labor

- trafficking victims). Applicants must cite the sources of this data. Purpose Area 1 applicants may provide service data if it is available.
3. Describe the communities to be served, including the geographic area, populations in the service area, and any groups that are vulnerable to human trafficking. Applicants should identify any relevant underserved communities in their geographic area using data to support their conclusions (e.g., community data, Census data, client data).
 4. Applicants must describe the problem of labor trafficking within the targeted geographic area; what is known and unknown about the problem; current efforts to identify labor trafficking victims; and gaps in the housing response to labor trafficking.
 5. Demonstrate sustained victim services rates/caseloads/housing expenses that align with the requested level of funding.
 6. Describe current efforts to address the housing service needs of trafficking survivors in the geographic area. [Using online directories available from OVC](#) and the Department of Health and Human Services' [Office on Trafficking in Persons \(OTIP\)](#), applicants should determine if there is an existing federally funded trafficking victim service provider within their jurisdiction, and explain how the proposed project does not duplicate these efforts and targets unmet needs.

b. Project Design and Implementation (45%)

The application must provide a clear link between the proposed activities and the need identified in the "Description of the Issue" section above.

1. Clearly state the goals and objectives of this project. Goals and objectives must align with those stated in the Goals, Objectives, Deliverables section of this solicitation.
2. Provide a detailed description of the proposed activities necessary to implement this project and meet the stated goals and objectives.
3. Identify which underserved communities, if any, will be targeted through the proposed project, and describe how the proposed project will enhance housing responses to labor trafficking victims. Failure to include information about responses to labor trafficking victims will be taken into consideration when this section is scored during peer review.
4. Describe how and where housing and services will be provided, including, but not limited to—
 - i. the type of housing (i.e., emergency shelter, crisis housing, transitional housing assistance, or short-term housing assistance) and anticipated location.
 - ii. how housing will be provided (e.g., program-owned, program-rented, landlord/tenant relationship).
 - iii. method for determining client eligibility (e.g., screening, eligibility requirements).
 - iv. housing rules and regulations.
 - v. the timeframe and plan for followup services.
 - vi. fee schedule (if applicable).
5. Include a timeline for all the tasks and activities to be completed.

6. Link project activities to the requirements of this solicitation and justify the logic of the proposed approach.
7. List project partners, as appropriate, to make the project activities effective and sustainable.
8. Describe how the applicant plans to ensure that project activities are trauma-informed, victim-centered, and culturally responsive, and how they support victim autonomy and protect the safety and confidentiality needs of victims.
9. Describe how this project differs in scope or breadth from housing activities currently being funded by OVC (if any).
10. Describe how the applicant will identify and expand collaborative partnerships to secure safe, affordable housing options, and how they will coordinate with other OVC and federal- and state-funded anti-trafficking programs to meet the comprehensive needs of trafficking victims.
11. Describe if the applicant proposes to involve individuals with lived experience and/or impacted communities in their project, including how this will be accomplished (e.g., staffing, consultants, an advisory board, client feedback on services offered, or other methods) as well as budget implications.

If an applicant is seeking consideration under Priority 1A, it should explain in this section how the proposed project(s) will meaningfully address identified inequities **and** contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization. The applicant should also identify how the project design and implementation will specifically incorporate the input and/or participation of these communities.

c. Capabilities and Competencies (20%)

1. Demonstrate the applicant's institutional experience and expertise to effectively implement the requirements of this solicitation (or submit formal agreements with partners with experience and expertise with the application).
 - i. For services that are proposed to be subawarded to project partners, or provided as match, the applicant must name the project partner that will provide the specific services in the program narrative and include a separate attachment (for example, a subcontract/subgrant, letter of intent, or MOU) that describes the organization's commitment to provide a specific service, who will be served (sex trafficking victims, labor trafficking victims, or both), and a description of the fee for the service or cost to the grant for each service.
 - ii. For any project partners that are stated in the program narrative but are not proposed as subrecipients, the applicant must include, at minimum, a separate attachment that describes the organization's commitment to a partnership with the applicant to provide a specific service (for example, a letter of support or letter of intent).
 - iii. If an applicant does not have documented experience in serving victims of human trafficking, the application must include a victim service provider as a required partner in a letter of intent or MOU and should

demonstrate that the victim service provider is significantly involved in the project design and development.

2. Demonstrate the capacity and expertise of lead and proposed project partners to respond to labor trafficking as well as sex trafficking.
3. Identify the key individuals and organizations involved in the proposed project.
4. Demonstrate that the lead and proposed project partners have the capacity to address the stated need, including the expertise necessary to provide housing services to victims of all forms of human trafficking, and can successfully implement the proposed project activities.
5. Describe specific roles and responsibilities of all project partners and key staff. If a housing navigator position is not included in the application, please describe how the tasks outlined under the "[Collaboration and Training](#)" section will be fulfilled by other staff without compromising relationships with survivors or their access to housing.
6. Demonstrate that project staff have appropriate training and experience to implement project activities as described in the proposal, including the knowledge and expertise necessary to implement culturally responsive projects with the identified underserved communities and with survivors of labor trafficking, and document plans and position descriptions for staff to be hired.
7. Clearly describe who will implement activities as described in the "[Project Design and Implementation](#)" section.
8. Describe the lead applicant's administrative and financial capacity to manage grants that support services to crime victims, including previous experience managing grants. If the applicant has other grants for providing services to victims of human trafficking, the applicant must describe the scope of each of these grants and how activities and data collection on these projects will be tracked separately to avoid duplication.

If the applicant is seeking priority consideration under Priority 1B, it should: (1) describe within this section how being a population specific organization (or funding a population specific subrecipient organization at a minimum of 40% of the project budget) will enhance its capabilities and competencies to implement the proposed project; (2) specify which populations are intended or expected to be served, have their needs addressed, and/or be affected by the proposed project; and (3) include information to confirm that the population specific organization is specifically designed to serve communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization (examples of such information include, but are not limited to, the website address, charter, mission statement, or operating principles of the population specific organization).

d. Plan for Collecting the Data Required for This Solicitation's Performance Measures

This section must include the following information:

1. A plan for collecting all the performance measures data required by this solicitation.
2. A description of the qualifications of key staff who will be responsible for collecting data and reporting performance measures.

In addition, this plan must describe how the applicant will use the collected data to confirm whether the applicant is identifying and serving (or responding to) labor trafficking victims as described in the application's Project Design and Implementation.

Note: An applicant is **not** required to submit performance data with the application. Rather, performance measure information is included to provide notice that award recipients will be required to submit performance data as part of each award's reporting requirements.

OJP will require each award recipient to submit regular performance data that show the completed work's results. The performance data directly relate to the solicitation goals and objectives identified in the "[Goals and Objectives](#)" section. Applicants can visit [OJP's performance measurement page](#) at www.ojp.gov/performance for more information on performance measurement activities.

A list of performance measure questions for this program can be found at <https://ovc.ojp.gov/funding/performance-measures/human-trafficking/human-trafficking-performance-measures-questionnaire.pdf>. Some measures are presented as examples, while others are the exact measures that every recipient will be expected to address.

Use the solicitation map at <https://ovc.ojp.gov/funding/performance-measures/human-trafficking/solicitation-map.pdf> for examples of how previous solicitations have been mapped to performance measures within the questionnaire.

OVC will require award recipients to submit quarterly performance measure data in the Performance Measurement Tool (PMT) and separately submit a semi-annual performance report in JustGrants. A list of resources and trainings can be found at <https://ovc.ojp.gov/funding/performance-measures/human-trafficking>.

OVC will provide further guidance on the post-award submission process, if the applicant is selected for award.

Note on Project Evaluations

An applicant that proposes to use award funds through this solicitation to conduct project evaluations must follow the guidance in the "[Note on Project Evaluations](#)" section in the [Application Resource Guide](#).

Application Goals, Objectives, Deliverables, and Timeline Web-Based Form

The applicant will submit the project's goals, objectives, deliverables, and timeline in the JustGrants web-based form. This is a summary of the goals, objectives, deliverables, and timeline that relate to the proposal narrative. The applicant will also enter the projected fiscal year and quarter that each objective and deliverable will be completed. Please refer to the [Application Submission Job Aid](#) for step-by-step directions.

- **Goals:** The applicant should describe the project's intent to change, reduce, or eliminate the problem noted in the proposal narrative.
- **Program Objectives and Timeline:** The applicant should include objectives to accomplish its goals. Objectives are specific, measurable actions to reach the project's desired results. The included timelines should be clearly linked to the goal.

- **Deliverables and Timeline:** Project deliverables refer to outputs—tangible (for example, a report or a website) or intangible (for example, greater feelings of safety reported by the community)—that are documented and submitted within the scope of a project. Deliverables include timelines.

[Deliverables Expected by Successful Applicants](#)

The deliverables to be provided are services, measured quarterly by service-hours or units delivered; type of service; number of new and continuing victims served; and other key data points.

The goals, objectives, and deliverables are directly related to the performance measures that show the completed work's results, as discussed in the "[Application and Submission Information](#)" section.

All successful applicants may be required to submit and amend their existing housing policies and procedures to align with OVC Model Standards and practices as outlined under the "Enhancing Access to Services and Promoting Survivor Autonomy" section.

Program objectives and deliverables should be included in one timeline.

[Budget and Associated Documentation](#)

[Funding Restrictions](#)

The following activities cannot be supported with grant funds:

1. **Holding Beds:** Grantees may not "hold beds" in a housing facility by charging their cost to the grant and keeping them empty until a victim needs the bed when other victims need access to the beds, as this would be considered an unallowable contingency payment (see C.F.R. 200.433 (c)).
2. **Stipends/Incentives to Participate in Services:** Neither cash nor non-cash stipends nor incentives may be paid to victims to encourage their participation in services. Nominal cash or non-cash stipends (e.g., taxi or ride share vouchers; public transportation tickets or tokens; money to pay for childcare; or gift cards for meals that are necessary when participants receive services) are allowable.
3. **Primary Prevention Activities:** Per 22 U.S.C. § 7105(b)(2), the purpose of this funding is to support victim service programs: therefore, applicants should not propose primary prevention activities under this program.
4. **Savings accounts for victims:** Federal funds cannot be invested in savings accounts for victims.
5. **Financial support for private residence:** Grant funds may not be used to keep victims in their privately owned homes or to prevent them from losing such housing.
6. **Construction or purchase of property.**
7. **Drug and/or alcohol testing.**
8. **Purchase and/or lease of vehicles.**

Applicants should consult the [DOJ Grants Financial Guide](#) for information on additional unallowable costs for federal award recipients and subrecipients.

In addition, the following activities can be supported only in limited circumstances:

1. Legal services—Use of grant funds for legal services is limited to providing legal services to victims in the housing program and must terminate when they obtain permanent housing. Legal services are limited to those that are necessary to enable a housing program participant to locate and secure housing, including legal services regarding housing, protection orders, criminal record relief, and limited immigration matters that affect a victim's ability to obtain housing. *Funds may not be used for comprehensive, long-term legal assistance, such as divorce or child custody.*
2. Services for dependents—Housing and supportive services may be provided to human trafficking victims of any age under this program. Grant funds may be used to provide direct services to victims' dependents where such services are an ancillary part of providing housing and supportive services to the victim of human trafficking.

Limitation on Use of Funds (22 U.S.C. § 7110(g))

The following statutory language applies to all awards under this solicitation:

1. Restriction on programs—No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to promote, support, or advocate the legalization or practice of prostitution. Nothing in the preceding sentence shall be construed to preclude assistance designed to promote the purposes of this Act by ameliorating the suffering of, or health risks to, victims while they are being trafficked or after they are out of the situation that resulted from such victims being trafficked.
2. Restriction on organizations—No funds made available to carry out this chapter, or any amendment made by this chapter, may be used to implement any program that targets victims of severe forms of trafficking in persons described in section 7102(9) (A) of this title through any organization that has not stated in either a grant application, a grant agreement, or both, that it does not promote, support, or advocate the legalization or practice of prostitution. The preceding sentence shall not apply to organizations that provide services to individuals solely after they are no longer engaged in activities that resulted from such victims being trafficked.

Pursuant to the statute above, OVC requires grantees under this program to agree to the following award condition: *Recipient certifies that it does not promote, support, or advocate the legalization or practice of prostitution, nor will it use grant funds or program match funds to promote, support, or advocate the legalization or practice of prostitution.*

All recipients and subrecipients (including any for-profit organization) must forgo any profit or management fee.

Budget Detail and Narrative Web-Based Form

The applicant will complete the JustGrants web-based budget form, which includes both detailed calculations and budget narrative sections.

In preparing its budget, the applicant is to carefully review the following information that details elements that the application is to address and/or include in the JustGrants web-based budget form (and its accompanying narrative information).

1. Administrative costs: Administrative costs are costs related to the salary and fringe benefits of executive-level leadership and accounting/financial administration. Grant

funds awarded under this program are intended primarily for provision of direct services to victims of human trafficking. Administrative costs must be reasonable and allocable.

2. Housing and supportive services: Applicants must dedicate sufficient funding in the budget to support the housing and services required under this program. At the same time, applicants applying for the maximum amount of funding should document that demand for services/housing merits the requested level of funding.

The narrative information included as part of the JustGrants web-based budget form should include—

1. a statement describing whether housing units are applicant-owned.
2. as program income, any fees charged to housing program participants (victims), if housing units are applicant owned.
3. a description as to the cash or in-kind match that is included in the project budget.

The budget should display a clear link between the specific project activities and the proposed budget items and not contain items that are not supported by the project narrative. In addition, subawards and contracts should be clearly distinguished when allocating any grant funds to other entities. Pursuant to 2 C.F.R. § 200.331, a subaward has the purpose of carrying out a portion of the federal award, such as compensating a partner with which the grantee has a Memorandum of Understanding (MOU), and a contract is for the purpose of obtaining goods and services for the grantee's own use.

For additional information about how to prepare a budget for federal funding, see the "[Application Resource Guide](#)" section on [Budget Preparation and Submission Information](#) and the technical steps to complete the budget form in JustGrants in the [Complete the Application in JustGrants: Budget](#) training.

If the applicant is seeking priority consideration under Priority 1A and has proposed activities to incorporate the input and participation of communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization, financial support for the identified activities and participation must be reflected in the web-based budget form.

If the applicant is seeking priority consideration under Priority 1B based on the identification of a proposed subrecipient as a population specific organization, the proposed funding for the subrecipient must **reflect a minimum of 40 percent of the total award funding** within the web-based budget form. The budget narrative must also describe how the **activities that will be funded** with the (minimum) 40 percent of award funding provided to the subrecipient **specifically relate to the proposed project** that will meaningfully address identified inequities and contribute to greater access to services and opportunities for communities that have been historically underserved, marginalized, adversely affected by inequality, and disproportionately impacted by crime, violence, and victimization.

[Prior Approval, Planning, and Reporting of Conference/Meeting/Training Costs](#)

OJP strongly encourages every applicant that proposes to use award funds for any conference-, meeting-, or training-related activity (or similar event) to review carefully—before submitting an application—the [Application Resource Guide](#) for information on prior approval, planning, and reporting of conference/meeting/training costs.

Costs Associated With Language Assistance (if applicable)

If an applicant proposes a program or activity that would deliver services or benefits to individuals, the costs of taking reasonable steps to provide meaningful access to those services or benefits for individuals with limited English proficiency may be allowable. See the [Application Resource Guide](#) for information on costs associated with language assistance.

Non-Federal Costs (match and program income)

This solicitation requires a 25 percent **cash or in-kind match**. Federal funds awarded under this solicitation may not cover more than 75 percent of the total costs of the project being funded. An applicant must identify the source of the 25 percent non-federal portion of the total project costs and how they will use match funds. If an award recipient's proposed match *exceeds* the required match amount, according to the formula below, and OJP approves the budget, the total match amount in the approved budget becomes part of the project budget and subject to audit. "Match" funds may be used only for purposes that would be allowable for the Federal funds. This means neither Federal funds nor matching funds may be used for costs considered inappropriate by the awarding agency (e.g., lobbying, land acquisition, fundraising). Recipients must satisfy this match requirement with cash or in-kind match. "In-kind" match may be in the form of services, supplies, real property, and equipment.

How To Calculate Match

| Formula | | | | | |
|--|-------------------------------|---|------------------------|---|-------------------------------|
| Step 1 | Award Amount | ÷ | % of Federal Share | = | Total (Adjusted) Project Cost |
| Step 2 | Total (Adjusted) Project Cost | x | % of Recipient's Share | = | Required Match |
| Example | | | | | |
| Match Requirement – 75/25 (Federal Share/Recipient's Share) Federal Award = \$150,000 | | | | | |
| Step 1 | \$150,000 | ÷ | 75% Federal Share | = | \$200,000 |
| Step 2 | \$200,000 | x | 25% Recipient's Share | = | \$50,000 |

See the [Application Resource Guide](#) for additional information on this match requirement and step-by-step instructions for entering match amounts in the budget.

Budget/Financial Attachments

Pre-Agreement (Pre-Award) Costs (if applicable)

Pre-agreement costs are defined as costs requiring approval incurred by the applicant prior to the start date of the period of performance of the federal award. OJP does not typically approve pre-agreement costs. If a successful applicant, in anticipation of the Federal award, but before the start date of the period of performance, incurs costs which are necessary for efficient and timely performance of the funded project, those costs may not be charged to the award. See the "Costs Requiring Prior Approval" section in the [DOJ Grants Financial Guide Post-Award Requirements](#) for more information.

Indirect Cost Rate Agreement (if applicable)

Indirect costs are costs of an organization that are not readily assignable to a particular project but are necessary to the operation of the organization and the performance of the project. Examples of costs usually treated as indirect include those incurred for facility operation and maintenance, depreciation, and administrative salaries. The requirements for the development and submission of indirect cost proposals and cost allocation plans are listed in Appendices III – VII of 2 C.F.R. Part 200. A non-federal applicant should follow the guidelines applicable to its

type of organization. If applicable, an applicant with a current federally approved indirect cost rate agreement will upload it as an attachment in JustGrants. See the [DOJ Financial Guide](#) for additional information on [Indirect Cost Rate Agreement](#).

[Consultant Rate \(if applicable\)](#)

Costs for consultant services require prior approval from OJP. If the proposed project expects to fund consultant services, compensation for individual consultant services is to be reasonable and consistent with that paid for similar services in the marketplace. See the [DOJ Grants Financial Guide](#) for information on the consultant rates, which require prior approval from OJP.

[Limitation on Use of Award Funds for Employee Compensation for Awards Over \\$250,000; Waiver \(if applicable\)](#)

If an applicant proposes to hire employees with Federal award funds, for any award of more than \$250,000 made under a funding opportunity, an award recipient may not use federal funds to pay total cash compensation (salary plus cash bonuses) to any employee of the recipient at a rate that exceeds 110 percent of the maximum annual salary payable to a member of the federal government's Senior Executive Service (SES) at an agency with a Certified SES Performance Appraisal System for that year. See the [Application Resource Guide](#) for information on the "Limitation on Use of Award Funds for Employee Compensation for Awards over \$250,000; Waiver."

[Disclosure of Process Related to Executive Compensation \(if applicable\)](#)

An applicant that is a nonprofit organization may be required to make certain disclosures relating to the processes it uses to determine the compensation of its officers, directors, trustees, and key employees. If applicable, the applicant will upload a description of the process used to determine executive compensation as an attachment in JustGrants. See the "Application Attachments" section of the [Application Resource Guide](#) for information.

Additional Application Components

The applicant will attach the additional requested documentation in JustGrants.

[Curriculum Vitae or Resumes \(if applicable\)](#)

Provide resumes of key personnel who will work on the proposed project.

[Tribal Authorizing Resolution \(if applicable\)](#)

An application in response to this solicitation may require inclusion of tribal authorizing documentation as an attachment. If applicable, the applicant will upload the tribal authorizing documentation as an attachment in JustGrants. See the [Application Resource Guide](#) for information on tribal authorizing resolutions.

[Memoranda of Understanding \(MOUs\) and Other Supportive Documents \(if applicable\)](#)

Application Review Information

Review Criteria

Basic Minimum Review Criteria

OJP screens applications to ensure they meet the basic minimum requirements prior to conducting the peer review. Although specific requirements may vary, the following are requirements for all OJP solicitations:

- The application must be submitted by an eligible type of applicant.

- The application must request funding within any stated programmatic funding limits or boundaries.
- The application must be responsive to the scope of the solicitation.
- The application must include all items necessary to meet the basic minimum requirements.

Merit Review Criteria

Applications that meet the basic minimum requirements will be evaluated by peer reviewers on how the proposed project/program addresses the following criteria:

- Description of the Issue (20%): evaluate the applicant's understanding of the program/issue to be addressed.
- Project Design and Implementation (45%): evaluate the strength of the proposal, including information provided in the goals, objectives, timelines, and deliverables web-based form.
- Capabilities and Competencies (20%): evaluate the applicant's administrative and technical capacity to successfully accomplish the goals and objectives.
- Plan for Collecting the Data Required for this Solicitation's Performance Measures (5%): evaluate the applicant's understanding of the performance data reporting requirements and the plan for collecting the required data.
- Budget (10%): evaluate for completeness, cost effectiveness, and allowability (e.g., reasonable, allocable, and necessary for project activities).

Other Review Criteria/Factors

Other important considerations for OJP include geographic diversity, strategic priorities (specifically including, but not limited to, those priority areas already mentioned, if applicable), available funding, past performance, and the extent to which the Budget web-based form accurately explains project costs that are reasonable, necessary, and otherwise allowable under federal law and applicable federal cost principles. Costs are allowable when they are reasonable, allocable to, and necessary for the performance of the federal award, and when they comply with the funding statute and agency requirements (to include the conditions of the award), including the cost principles set out in the [Uniform Requirements 2 C.F.R. Part 200, Subpart E](#).

Risk Criteria/Factors

Pursuant to the Part 200 Uniform Requirements, before award decisions are made, OJP also reviews information related to the degree of risk posed by the applicant. Among other things to help assess whether an applicant with one or more prior federal awards has a satisfactory record of performance, integrity, and business ethics, OJP checks whether the applicant is listed in SAM.gov as excluded from receiving a federal award.

In addition, if OJP anticipates that an award will exceed \$250,000 in federal funds, OJP also must review and consider any information about the applicant that appears in the non-public segment of the integrity and performance system accessible through SAM.gov.

Important note on Responsibility/Qualification Data (formerly FAPIIS): An applicant may review and comment on any information about its organization that currently appears in SAM.gov and was entered by a federal awarding agency. OJP will consider such comments by the applicant,

in addition to the other information in SAM.gov, in its assessment of the risk posed by the applicant.

Review Process

Applications submitted under this solicitation that meet the basic minimum requirements will be evaluated for technical merit by a peer review panel(s) in accordance with OJP peer review policy and procedures using the review criteria listed above. Absent explicit statutory authorization or written delegation of authority to the contrary, all final award decisions will be made by the Assistant Attorney General, who may consider not only peer review ratings and OVC recommendations, but also other factors as indicated in this section.

Federal Award Administration Information

Federal Award Notices

Generally, award notifications are made by the end of the current Federal fiscal year, September 30. See the [Application Resource Guide](#) for information on award notifications and instructions.

Evidence-Based Programs or Practices

OJP strongly encourages the use of data and evidence in policymaking and program development for criminal justice, juvenile justice, and crime victim services. For additional information and resources on evidence-based programs or practices (programs or practices that have been evaluated as effective), see the [Application Resource Guide](#).

Information Regarding Potential Evaluation of Programs and Activities

OJP may conduct or support an evaluation of the projects and activities funded under this solicitation. For additional information on what should be included in the application, see the [Application Resource Guide](#) section entitled “Information Regarding Potential Evaluation of Programs and Activities.”

Administrative, National Policy, and Other Legal Requirements

If selected for funding, in addition to implementing the funded project consistent with the OJP-approved application, the recipient must comply with all award conditions and all applicable requirements of federal statutes and regulations, including the applicable requirements referred to in the assurances and certifications executed in connection with award acceptance. For additional information on these legal requirements, see the “Administrative, National Policy, and Other Legal Requirements” section in the [Application Resource Guide](#).

Civil Rights Compliance

If a successful applicant accepts funding from OJP—as a recipient of OJP funding—that award recipient must comply with certain federal civil rights laws that prohibit it from discriminating on the basis of race, color, national origin, sex, religion, or disability in how the recipient delivers its program’s services or benefits and in its employment practices. The civil rights laws that may be applicable to the award include Title VI of the Civil Rights Act of 1964 (Title VI), the nondiscrimination provisions of the Omnibus Crime Control and Safe Streets Act of 1968 (Safe Streets Act), and Section 504 of the Rehabilitation Act of 1973. These and other federal civil rights laws are discussed in greater detail here: [Overview of Legal Requirements Generally Applicable to OJP Grants and Cooperative Agreements - FY 2024 Awards](#) under the “Civil Rights Requirements” section, and additional resources are available from the [OJP Office for Civil Rights](#).

Part of complying with civil rights laws that prohibit national origin discrimination includes recipients taking reasonable steps to ensure that people who are limited in their English proficiency (LEP) because of their national origin have meaningful access to a recipient's program and activity. An LEP person is one whose first language is not English and who has a limited ability to read, write, speak, or understand English. To help recipients meet this obligation to serve LEP persons, DOJ has published a number of resources, including a language access assessment and planning tool, which are available at <https://www.lep.gov/language-access-planning>. Additional resources are available at <https://www.ojp.gov/program/civil-rights-office/limited-english-proficient-lep>. If the award recipient proposes a program or activity that would deliver services or benefits to LEP individuals, the recipient may use grant funds to support the costs of taking reasonable steps (e.g., interpretation or translation services) to provide meaningful access. Similarly, recipients are responsible for ensuring that their programs and activities are readily accessible to qualified individuals with disabilities. Applicants for OJP funding must allocate grant funds or explain how other available resources will be used to ensure meaningful and full access to their programs. For example, grant funds can be used to support American Sign Language (ASL) interpreter services for deaf or hard of hearing individuals or the purchase of adaptive equipment for individuals with mobility or cognitive disabilities. For resources, see <http://www.ADA.gov> or contact OJP.

Financial Management and System of Internal Controls

Award recipients and subrecipients (including recipients or subrecipients that are pass-through entities) must, as described in the Part 200 Uniform Requirements as set out at 2 C.F.R. 200.303, comply with standards for financial and program management. See the [Application Resource Guide](#) for additional information.

Information Technology Security Clauses

An application in response to this solicitation may require inclusion of information related to information technology security. See the [Application Resource Guide](#) for more information.

General Information About Post-Federal Award Reporting Requirements

Required reports. Award recipients must submit quarterly financial reports, semi-annual performance reports, final financial and performance reports, and, if applicable, an annual audit report in accordance with the Part 200 Uniform Requirements or specific award conditions.
